

S-SERIES SPIRIT

S100

 Slim. Stunning. Fully loaded.

The S-Series S100 sets a new benchmark in GPS navigation. It's amazingly slim at just 13.5mm, yet packed with useful features such as Navman's brand new ClearView maps displayed on the super-flat widescreen.

The Capture button instantly stores location details of anywhere interesting you discover. 3D landmarks and motorway Junction Views make travelling to and navigating major towns and cities easy, while the built-in NavPix™ feature gives you access to over a million geo-tagged photos so you can really explore your destination. And with Infobel Local Search, get even more information on exactly what you're looking for from sightseeing, shops, hotels, restaurants and much more.
